

Rửa xe gây quỹ lá lành đùm lá rách.

I am going to tell you about Girl Scouts. In Girl Scouts, we help people. We also go to fun places like the Friendship Games. We have many activities. They are fun! We also learn morse code and semaphore. We also enjoy singing Vietnamese songs but morse code is still my favorite thing.

It's Great to Be a Brownie!

I remember the first time I went with my parents to the Gillespie park to become a brownie right after I turned 6. My mom and dad told me that there would be a lot of fun. Yes, Girl Scout has a lot of fun, a lot of skill practices, a lot of songs to sing, and a lot of friends.

I enjoy learning origami, morse codes, semaphore. Yes, I did write a Happy Birthday card to my dad using all morse codes. It is fun to talk to people, kind of secret and from a distance, and don't have to pay likes my mom and dad's cell phones.

My favorite things in Brownies is camping and participating in so many events. I like to go camping and playing the big games. Last month we participated in the Friendship Games. It was fun to race with brownies from other troops. Two weeks ago, we went to Youth Expo. It had so many free games and gifts. I learned how to save the Earth by recycling, to protect the animals, and learned how to make a friendship bracelets. The most exciting events is Lunar New Year. I wore "Áo Dài" and sang the song "Xuân, Xuân Ơi" with Vivian. My sister Catly and I also sang for a contest.

I am very happy to be a brownie. I want to say thanks to Trưởng Tâm, Trưởng Ái Quyên, Trưởng Nhân since they always take good care of me and my friends. I will ask my cousins to join our brownies when they move to Orange County.
