

*Junior và Brownie ở trại*

My name is Andrea Tieu. I am a Junior Girl Scout of troop 3194. Miss Laura is our leader when I participated in the Friendship Games 2005. Being a Girl Scout is fun because you learn many new things. For example, you learn how to tie different knots. You can use the knots to make a hammock or tie a boat to the deck or just to play with.

We went on many field trips. They were all fun. There were a lot of activities in all those trips. The Juniors also went to the Red Ribbon Festival, Skate Zone, and the Friendship Game.

My favorite field trip was the Friendship Game. The activities were: Dress for Success, long jump, marathon, jump in the bag, hurdles, sprint, and baseball throwing. All the games were really fun, especially jump in the bag.

I wish I could do them all again!

## 25 Years of Truong Son

*Arlene và Ấu Đoàn Hướng Dương*

I first joined Girl Scouts 7 years ago. The reason I had joined that was because I was bored on Saturday. Now I can look ahead and see Girl Scouts waiting at the end of every week.

Truong Son is 25 years old this June. I'm very glad I am in Scouts because I have met many new friends and I have had so much fun.

Every year, I look forward to camping. Camping is the best part of scouting! We have games and food, we play with others and sometimes there's even a pool; the leaders always make camp interesting. I love camp so much and I wish we could go more often. At night, we make campfires and everyone performs skits for fun and sometimes for prizes.

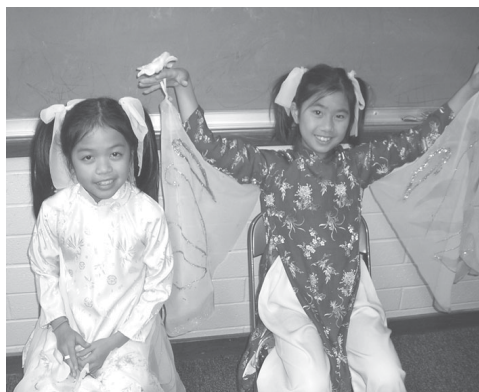

We try to earn badges. Some of them are hard and some of them are easy. I am still earning my Bronze Award though I feel like giving up sometimes. I know that if I earn it, I'll have that honor for the rest of my life.

I love Girl Scouts and when I get older, I'd like to be a leader to bring Girl Scouts to young girls.

# My Scouts Anniversary

*Bướm mùa xuân Margaret*

It is my Scout group's 25th Anniversary. We are celebrating for this important event. It is a special day for us because our attendance in scouts has been 25 years.

I enjoy scouts. We go camping, play games, have competitions and all kinds of stuff. It is so exciting because we do something new and fun everyday.

We do community services too, like caroling, entertaining the senior group and disabled; we help a lot. My mom is a leader so I can help with planning activities. The services we do comfort people and it is the least we can do as a Junior Girl Scout. I love being a Girl Scout.

## 25 YEARS OF TRUONG SON

*Miếng này chia nhau*

It's the 25th Anniversary of Lien Doan Truong Son! I like being a Truong Son Scout because of all the fun things we do. For instance, one of the most memorial moments in my life was when the Brownies went to the Boat-O-Rama last year. We went to a lake where we saw tons of cool shells and boats. But the best part was actually boating across the lake. While paddling, I saw a HUGE silverfish leap out of the water like dolphins.

Truong Son is really what you would call a fun fest. We make arts, ornaments, gift cards and crafts for special occasion like Mother's Day, Father's Day. We go to places to have fun and learn stuff, such as a roller skating rink or ice skating rink.

Sometimes, we go to the Clubhouse to make crafts when it's wet out in the park so the craft would not get ruined. The Clubhouse has a pool in the back, a big living room with a fireplace, three couches, a chandelier and several tables. There is also a pool room with two pool tables and one piano close to the back door.
