

CUB SCOUT

My name is Victor Nguyen and I'm 10 years old. This is my 2nd year in Cub Scouts. I enjoy many things in Cub Scout. There are many fun activities. I get to learn lot of knots, how to put up a tent, and other fun games and activities. My favorite thing in Scouting is going to camp, because you get to explore the outdoor, and feel how nature is like. I enjoy Scouting because I get to experience new thing around me and help others.

When I go to scouts on Saturdays, it begins with the ceremony then it is time for scouts. We first have to line up in our den and listen to our den leader. We have to do that until we receive given directions of what to do from our Cubmaster. We usually form a circle and do exercises on the grass and sometimes also play a game. Then, we get our books and sit on the grass to read lessons in a group or do things with a Truong like tying knots He then gives us our assignments for the week.

The things I like to do with Scouting are learning to tie useful knots and reading new lessons in the book. I also like having snacks. The most memorable thing about Scouts are snacks and knots tying. When we finish learning we get to have fun and play then line up to have snacks or sometimes go to the ceremony first. We gather in a circle and sing. Afterwards, we go back and finally lower the flags and leave.

Camping is fun. I like camping because we get to play many fun games, we get to hang out in the outdoors, and look at interesting sights. At camp, we play many fun games such as the pirate shooting game, the Pokemon card game, or the Rubik cube game. We also get to hang out in the outdoors. Then we have those fun cooking contests and all of the food tastes good. Also, we get to see many interesting sights in the wilderness. Even though I think camps are fun, some camps are really boring! I can't wait until the next camp!

When I first went to scouts, I was nervous. But the other scouts helped me. They were nice and friendly. I like all of the camping trips because we get to put up a tent and sleep in it. I'm lucky to go to scouts because I could learn to protect my family from danger. I like the uniforms because it makes me look cool and like a young man, but I wish it would be more comfortable.
