

## TT9 Experience

This is one of my bad experiences at T.T.9. It is the day before they award the medals for the games. They were taking role and everything else and that was when it all went downhill. First, they came up to us asked for my and Josh's name, when we told them,

we learned that we were not on the list! We told them that we were there for the whole week but they didn't recognize us. Man, that was really bad memory. I can't believe they didn't recognize me after I won most of the points in the water games the previous day. We then got shipped to another team that played really bad at the games. So, the next day when they were awarding the medals; the team that Josh and I were kicked off, won gold in the water games, which I earned most of the points. Our new team didn't get anything. I'm so mad at my old team.

## Fishing Camp

I am Brian Do, Tenderfoot Boy Scout. Scouting has been a very good experience for me because of all the surprises I have gotten. My most memorable event in scouting was fishing camp in Irvine Lake.

It was the first camp I went to ever since joining Boy Scouts. The moment I got there I knew it was going to be exciting. We had a great time cooking dinner and making desserts around the campfire. That night was cold but I make it through until the next morning. After a great breakfast, it was fishing I went. I fished throughout the afternoon, and came up with two fish! They weren't very big, but I was still proud of myself for it. After all, it was my first time fishing. It was the best camp I had ever gone to.
