Anhthu Bùi

Hi, my name is Anhthu Bui and this is my second year at Trường Sơn. When I first started scouts, I was in 4th grade. When I first saw all the people at scouts I was shy and didn't know what to do so I was sort of lonely. But the weeks passed and I made many new friends. I learned to communicate with the people around me and also learned new things. And now I know many amazing people.

Being in scouts is a wonderful experience. My favorite thing to do at every meeting is making new friends and experiencing new things. I also love the events such as camping and the take action project for Juniors. I also love to earn badges. There are many more events and things that I love about scouts but that are some of the main things. I also want to say thank you to the entire troop leaders for letting us get to experience new things every week at the meetings and camps.

Jillian Phạm

I'm in 5th grade. I've been in Girl Scout for about three to four years. I love being in Junior because I want to make friends. When I was here, I thought I would not have any friend at all but now I do. In Junior, the best thing I always love is when I have a lot of friends and the Tết Festival. I just love to sing and if my friends and I would help make the world a better place I would help to make this planet bright and green. If you don't make this place clean then all we have is an old dirty planet. When I am in Junior we will learn how to survive in the wilderness. You only need food, water and shelter. I love Girl Scout!
